

The World Sustainability Fund celebrated the first “Family Meeting”

Last April 22th, 2015 the WSF members and their relatives got together to share with them part of their job and the organization itself.

The event was held in a new modern [coffee in the Central of The Hague](#). At about 7 pm almost all members and family were there.

The Welcome message was given by Davy Foss, HR Manager, who emphasized the fast growth the WSF is having thanks to the new members and their effort. He shared the HR strategy for talent attraction, “we let our people to explore and discover their talents”... “We do not put them specific task, neither limit lines”.

Davy Foss concede the word to the Founder & President, Emile Van Essen, he concretely thanked all members for their effort and help to make his dream, the WSF, become true. He ended introducing [the new video](#) of the WSF which presents the team members and [the new website](#), a modern design easy to manage, which will replace the actual website.

The event finished with some dialogs between the members and their family who were really interested to know more about the WSF. The event was described as Great by the Founder, and their members who look forward to know when is going to be the next one.
